Dear Parent,

It is a requirement that every student has an annual physical completed by your child's physician.

The attached immunization requirements are mandated by law for all students between the ages of 2 months and 18 years.

The child's immunization record should be evaluated according to the grade he or she is attending each school year. To be considered fully immunized, a child must have an immunization history that includes all of the specified vaccines.

**Children may be excluded from school if they do not meet these requirements.**

Sincerely,

*IPsilakis*
